It’s time to celebrate the end of The Journey season! Join us as we recap our experiences and look forward to what’s next for the Xbox Ambassadors community.

Xbox Ambassadors Accessibility Showcase

We’re hosting an Accessibility Q&A inside the Xbox Ambassadors Discord Server with teams from Xbox Game Studios including Turn 10 Studios, Rare.

Join us on June 19th at 8AM PT inside our Discord Stage as we delve into the fascinating world of accessibility in gaming. We’ve assembled a panel of experts to share their insights on how accessibility is integrated into the gaming industry. Don’t miss out on this discussion – mark your calendars and get ready to expand your knowledge on gaming accessibility!

New Community Badges for Xbox Ambassadors Coming to the Xbox Profile!

One of our most frequent points of feedback from our end of Season surveys is the desire for more community badges on the Xbox Profile. To deliver on that feedback, we're launching two new community badges on the Xbox Profile for Xbox Ambassadors, as well as an updated design for the existing Xbox Ambassador Lifetime Level badge!

All of our Xbox Ambassador Community Champions will be awarded a well-earned new **Community Champion badge** to display on their Xbox Profile that will display in addition to their other Xbox Ambassador badges like the Lifetime Level badge and the Accessibility Ally badge.

Speaking of the **Xbox Ambassador Accessibility Ally badge**, any Ambassadors can earn this new badge for display on their Xbox Profile by reaching Level 4 in the Xbox Ambassador Accessibility Explorer Path. You can reach Level 4 by completing 100 Accessibility Quests and 10 new Accessibility Knowledge Check Quests in the "Accessibility" tab on your Quests page, which are available now so that you can get a jumpstart on earning the badge before it goes live in June.

These new Knowledge Check Quests are quick quizzes for you to check and reinforce your knowledge in different accessibility in gaming topics like Cognitive Disabilities and Cognitive Supports, Gaming Accessibility Resources, Hearing Disabilities and Captions, Mental Health Disabilities and Accessibility, and more. Key resources will be linked at the top of each Accessibility Knowledge Check Quest in case you need to reinforce your understanding.

As with the Xbox Ambassador Lifetime Level badge, the Accessibility Ally badge visibility on your Xbox Profile can be toggled on and off after it's unlocked by navigating to Profile > Badges & Pins on the Xbox Ambassador website.

Last, but not least, we've redesigned the existing **Xbox Ambassador Lifetime Level badge** on the Xbox Profile with text and a fresh design to more clearly identify yourself as an Xbox Ambassador on Xbox as well as match the design language of the two new badges.

We'd love to hear your thoughts on the badges in the XA Discord Server as well as in our next end of Season survey (coming early July) and hope you're as excited as we are to have more ways to represent yourself as an Xbox Ambassador on the Xbox profile!
